Contents of Volume 13

No. 1, April 1991

Announcement from the Publisher v

Identification of the rat bone 60K acidic glycoprotein as α_2HS-glycoprotein
M. Mizuno, M.C. Farach-Carson, G.J. Pinero, R. Fujisawa, J.C. Brunn, J.M. Seyer, G.R. Bousfield, M.P. Mark and W.T. Butler (USA & France) 1

Modulation of plasminogen activators and plasminogen activator inhibitors by TGF-β, IL-1α and EGF in fetal rat calvaria cells at different times of culture
C.A. Laschinger, C.G. Bellows and S. Wasi (Canada) 23

Repetitive loading, in vivo, of the tibiae and femora of rats: effects of repeated bouts of treadmill-running
M.R. Forwood and A.W. Parker (Australia) 35

17β-Estradiol protects rats from osteopenia associated with administration of the luteinising hormone releasing hormone (LHRH) agonist, buserelin
A. Goulding and L. Fisher (New Zealand) 47

Determinants of bone mineral content in childhood
W.Th. Trouerbach, S.A. de Man, D. Gommers, A.W. Zwamborn and D.E. Grobbee (The Netherlands) 55

The effect of positioning on dual energy X-ray bone densitometry of the proximal femur
C.R. Wilson, I. Fogelman, G.M. Blake and A. Rodin (USA & England) 69

The effects of muscle-building exercise on forearm bone mineral content and osteoblast activity in drug-free and anabolic steroids self-administering young men
C.E. Fiore, E. Cottini, C. Fargetta, G. Di Salvo, R. Foti and M. Raspagliesi (Italy) 77

Letter to the Editor 85

Selected Bibliography 87

Calendar of Forthcoming Events 89

Announcement 91

No. 2, May 1991

Announcement from the Publisher iii

On the morphology of the terminal microvasculature during endochondral ossification in rats
P. Stanka, U. Bellack and A. Lindner (FRG) 93

Influence of parathyroidectomy, 1,25-dihydroxyvitamin D_3 and high dietary calcium intake on demineralized bone matrix powder-induced bone formation in the rat
U.G. Lempert, S.H. Scharla, H.W. Minne and R. Ziegler (FRG) 103

Calcium content of serum and myocardium in vitamin D-induced cardionecrosis
T. Wrzołkowa, T. Rudzińska-Kisiel and B. Kłosowska (Poland) 111

Biochemical parameters of bone turnover during ten days of bed rest and subsequent mobilization
H.E. van der Wiel, P. Lips, J. Nauta, J.C. Netelenbos and G.J. Hazenberg (The Netherlands) 123

Stimulation of calcitonin secretion by an oral calcium load test in normal subjects and in idiopathic renal stone formers
M. Fuss, T. Pepersack, J. Corvilain, P. Bergmann, D. Willems, J. Simon and J.J. Body (Belgium) 131

Effects of 3 weeks' moderate alcohol intake on bone and mineral metabolism in normal men
K. Laitinen, C. Lamberg-Allardt, R. Tunninen, S.-L. Karonen, R. Ylikahri and M. Välimäki (Finland) 139

Effects of medroxyprogesterone acetate on some parameters of calcium metabolism in patients with glucocorticoid-induced osteoporosis
E.O. Grecu, R. Simmons, D.J. Baylink, B.P. Haloran and M.E. Spencer (USA) 153

P values and their problems
W.K. Ramp and J.M. Yancey (USA) 163

Selected Bibliography 167

Calendar of Forthcoming Events 169

No. 3, June 1991

Announcement from the Publisher iii

Altered differentiation of limb bud cells by transforming growth factors-β isolated from bone matrix and from platelets
H.-J. Schönfeld, B. Pöschl, B. Wessner and A. Kistler (Switzerland) 171

Calcitonin receptor expression and its regulation by 1α,25-dihydroxyvitamin D_3 during de novo osteoclast formation in organ cultures of fetal mouse metatarsals
C. Minkin and X.-h. Yu (USA) 191

Contribution of marrow stromal cells to the regulation of osteoblast proliferation in rats: evidence for the involvement of insulin-like growth factors
R.W. Zhang, D.J. Simmons, R.S. Crowther, S. Mohan and D.J. Baylink (USA) 201

A new set of calibration standards for estimating the fat and mineral content of vertebrae via dual energy QCT
M.M. Goodsitt, R.H. Johnson and C.H. Chesnut III (USA) 217

Differential regulation of the 55 and 44 kDa forms of secreted phosphoprotein 1 (SPP-1, osteopontin) in normal and transformed rat bone cells by osteotropic hormones, growth factors and a tumor promoter
S. Kasugai, Q. Zhang, C.M. Overall, J.L. Wrana, W.T. Butler and J. Sodek (Canada & USA) 235

Serum osteocalcin levels are decreased in patients with acute viral hepatitis
P. Pietschmann, Ch. Müller and W. Woloszczuk (Austria) 251
